Hakkımızda

Case Lift, asansör sektöründe modern, güvenli ve yüksek kalite standartlarına sahip çözümler sunmak amacıyla kurulmuştur. Yük ve yolcu asansör sistemleri başta olmak üzere, farklı kullanım alanlarına uygun yenilikçi ve dayanıklı ürünler geliştirerek müşterilerine hizmet vermektedir.

Kurulduğumuz günden bu yana önceliğimiz; güvenlik, kalite ve müşteri memnuniyeti olmuştur. Teknolojiyi yakından takip eden uzman ekibimiz ile hem proje tasarımı hem de üretim süreçlerinde uluslararası standartlara uygun çözümler sunuyoruz.

Case Lift olarak, konut, ticari yapı ve endüstriyel alanlara özel asansör sistemleri geliştiriyor; her projeye özel mühendislik yaklaşımı ile en verimli ve estetik çözümleri sağlıyoruz.

Satış öncesi ve sonrası destek hizmetlerimiz ile müşterilerimizin her zaman yanında olmayı ilke edinmiş bulunmaktayız. Hedefimiz, sektörde güvenilir ve tercih edilen bir marka olarak büyümeye devam etmektir.

About Us

Case Lift was established to provide modern, safe, and high-quality solutions in the elevator industry. We serve our customers by developing innovative and durable products suitable for various applications, primarily freight and passenger elevator systems.

Since the day we were founded, our priorities have been safety, quality, and customer satisfaction. With our expert team closely following technological advancements, we deliver solutions that comply with international standards in both project design and manufacturing processes.

As Case Lift, we develop elevator systems tailored for residential, commercial, and industrial buildings, providing the most efficient and aesthetic solutions with a project-specific engineering approach.

With our pre-sales and after-sales support services, we are committed to always being by our customers' side. Our goal is to continue growing as a reliable and preferred brand in the industry.

CA - K0001

Modern ve şık tasarımıyla öne çıkan bu kabin, saten paslanmaz yüzeyleriyle dayanıklılığı estetikle birleştirir. Granit tabanı sağlamlık katarken, LED aydınlatmalı tavanı ferah bir kullanım sunar. Saten paslanmaz aksesuarlarıyla projelerinize zarif bir dokunuş katar.

This cabin stands out with its modern, elegant design and durable satin stainless steel surfaces. The granite base adds strength and prestige, while the LED-lit ceiling ensures a bright, spacious feel. Satin stainless accessories complete the look, bringing a refined touch to your projects.

CA - K0002

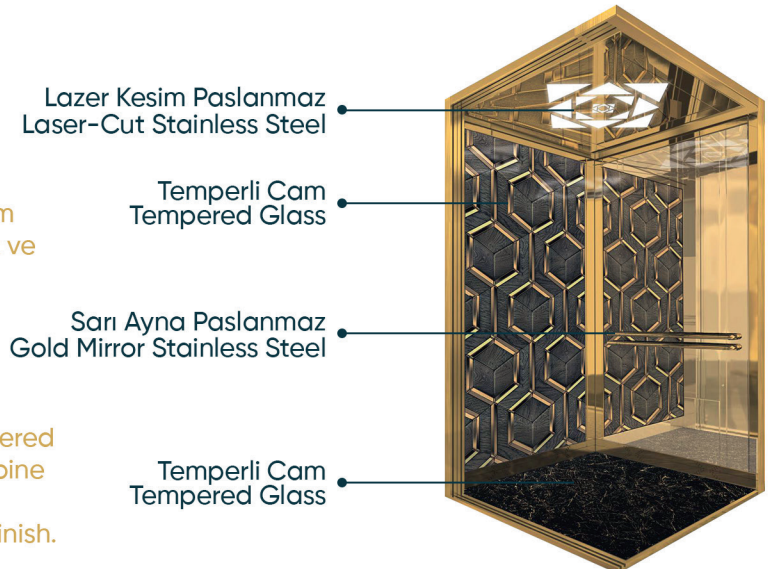

Şık ve özgün tasarımıyla öne çıkan bu kabin, MDF kaplama ile sıcak bir görünüm sunar. Temperli cam tabanı ferahlık sağlarken, lazer kesim paslanmaz tavan estetik bir dokunuş katar. Sarı ayna paslanmaz aksesuarlarıyla modern ve zarif bir bütünlük sunar.

This cabin stands out with its stylish and unique design, featuring MDF surfaces for a warm look. The tempered glass base creates a modern, airy feel, while the laser-cut stainless adds an elegant touch. Gold mirror stainless accessories complete the design with a refined, contemporary finish.

CA - K0003

Tamamen temperli cam yüzeyleriyle modern ve ferah bir görünüm sunan bu kabin, şeffaf tasarımıyla mekâna genişlik katar. Temperli cam tabanı ve lazer kesim paslanmaz tavanı estetik ve dayanıklılığı birleştirir. Sarı ayna paslanmaz aksesuarlarıyla şık bir bütünlük sunar.

This cabin offers a modern, airy look with fully tempered glass surfaces, enhancing the sense of space with its transparent design. The tempered glass base and laser-cut stainless combine aesthetics and durability. Gold mirror stainless accessories complete the design with a sleek finish.

Satin paslanmaz yüzeyleriyle modern ve dayanıklı olan bu kabin, PVC tabanıyla ekonomik ve pratiktir. Lazer kesim paslanmaz tavanı estetik bir görünüm sunarken, ayna paslanmaz aksesuarlarıyla şıklık tamamlanır.

This cabin features satin stainless steel surfaces for a modern and durable structure, while its PVC base ensures economical and practical use. The laser-cut stainless ceiling adds an elegant touch, and mirror stainless accessories complete the design with a refined finish.

Yük ve Yolcu Asansör Sistemleri

Freight and Passenger Elevator Systems

CA - ASK0001

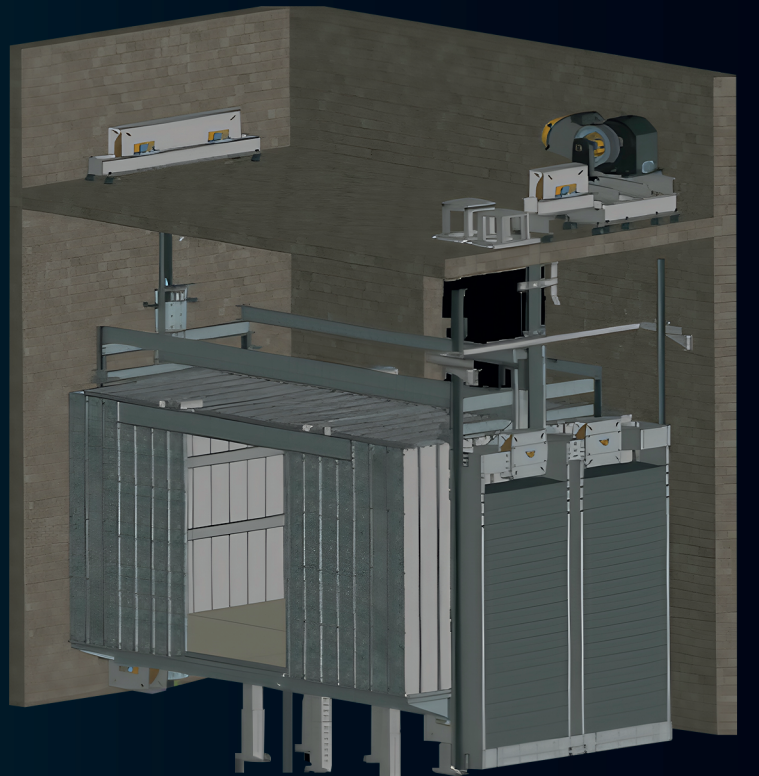

Case Elevator tarafından geliştirilen bu yük asansörü, ağır yükler için güçlü ve güvenilir bir çözümdür. Dayanıklı yapısı, yüksek kapasitesi, sessiz çalışma sistemi ve gelişmiş güvenlik donanımlarıyla endüstriyel ve ticari alanlarda verimli kullanım sağlar.

This freight elevator developed by Case Elevator offers a powerful and reliable solution for heavy loads. With its durable structure, high capacity, quiet operation, and advanced safety features, it ensures efficient use in industrial and commercial areas.

CA - ASK0002

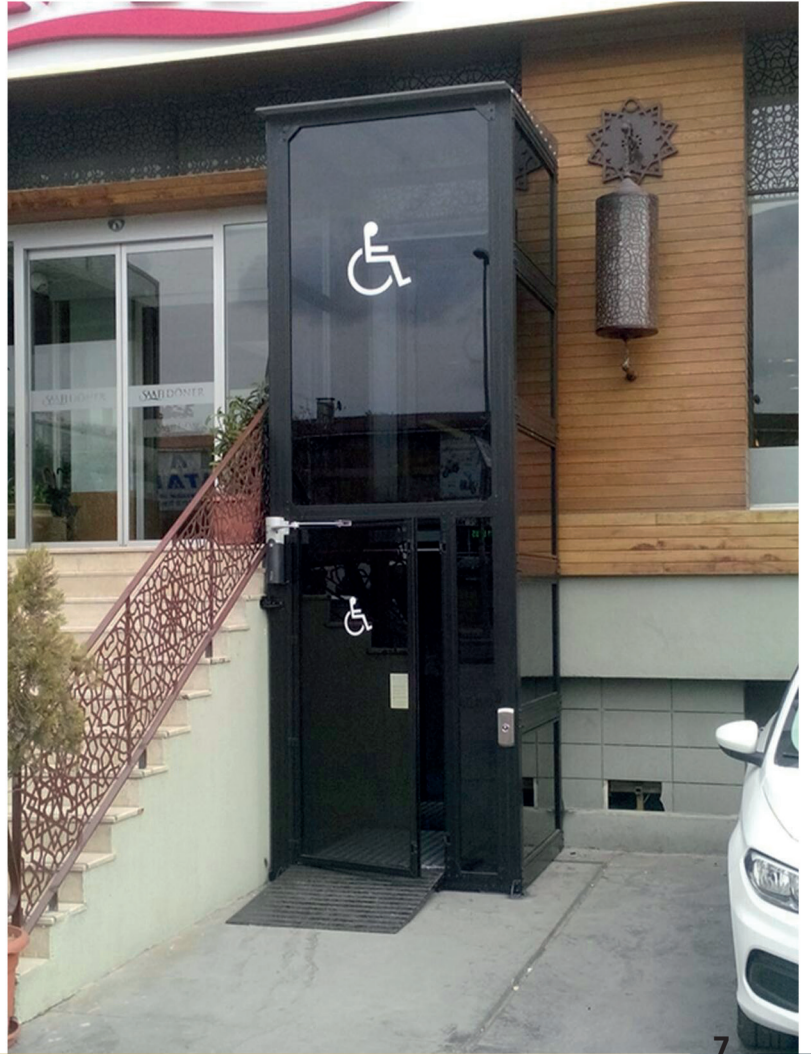

Case Elevator tarafından geliştirilen bu model, sadece 13 cm kuyu dibiyle dar alanlar için tasarlanmıştır. Kompakt yapısına rağmen yüksek verimlilik, güvenlik ve sessiz çalışma sunar; modern projeler için pratik bir çözümdür.

This model developed by Case Elevator is designed for tight spaces with only a 13 cm pit requirement. Despite its compact structure, it offers high efficiency, safety, and quiet operation, making it a practical solution for modern projects.
